KISBEE 50cc

THE REFERENCE OF URBAN 50cc SCOOTERS

THE BEST SELLING 50cc MODEL IN EUROPE !

With 225,000 units distributed in Europe, Kisbee is the benchmark 50cc urban scooter. Practical, economical and easy to ride, it meets the needs of both beginners and experienced riders.

It has a large, comfortable seat and its under-seat storage compartment can accommodate a full-face helmet. It has a bag-hook on the handlebars and a flat floor, which is ideal for carrying small packages.

The rider sits 760 mm over the ground and has both easy access to the bike and great manoeuvrability with 12-inch wheels. In addition, braking is provided at the front by an efficient 170 mm diameter disc. Kisbee's air-cooled 4-stroke single-cylinder engine with electronic fuel injection offers a low fuel consumption of 1.75 L/100 km for a total range of 380 km. That's enough to ride for a whole week without stopping at a petrol station.

Kisbee is available in many versions, there has to be one made for you!
