PEUGEOT METROPOLIS 400cc

THE THREE-WHEELER BY PEUGEOT

ACCESSIBLE WITH A  
CAR DRIVING LICENCE\*

MADE IN FRANCE

# PEUGEOT METROPOLIS, THE ESSENTIAL THREE-WHEELER.

The Peugeot Metropolis range – which is entirely designed and manufactured in France – is equipped with the latest-generation technology directly inspired from the automotive world such as hands-free ignition and automatic warnings lights. It features i-Connect<sup>\*\*</sup>: connectivity fully integrated into the dashboard, with a head-up view.

The moment has come for you to reign over the city.

## DESIGN

With its Luminous canines as DRL headlights at the front and scarlet claws as rear lights, Peugeot Metropolis offers Peugeot's thoroughbred and iconic design to the minutest detail, giving it the looks of a lion asking only to be released.

(1) Except Active finish.

## USEFUL TECHNOLOGIES

With its two smart keys for hands-free ignition and its mobile connectivity, i-Connect<sup>(1)</sup> with integrated navigation and notifications, this urban lion is one of the most technologically advanced three-wheeled scooter on the market. Peugeot Metropolis was made for you to embark on a connected urban epic.

## SAFETY

Reign over the city in complete safety. Make each journey a controlled experience with the ABS + CBS system enabling simultaneous front/rear braking. Thanks to the elevated dashboard, you can easily read ride-related information while constantly maintaining a good view of the road. Anti-tilting technology provides perfect stability both when parking and stationary without the need to put your foot on the ground.

## PERFORMANCE

Fully designed in France by our engineers, the PowerMotion® 400cc Euro 5 engine generates 35.6 HP with a 38.1 Nm torque. This three-wheeler provides an extremely comfortable ride. Its increased torque at low speeds and LFE technology meanwhile make riding more pleasant, quieter and more economical.

MADE IN FRANCE

# PEUGEOT METROPOLIS SW

This version, equipped with a new seat and built-in top case (54L), can accommodate two full-face helmets. An ergonomic passenger backrest and new adjustable gas shock absorbers ensure that your passenger will also enjoy a comfortable ride.

Diamond-cut alloys • USB socket • Ergonomic passenger backrest • ABS + CBS braking • Adjustable TCS anti-spin<sup>(1)</sup>  
Adjustable gas shock absorbers • 54L built-in top case • i-Connect: integrated navigation + notifications  
DRL<sup>(2)</sup> • 5-inch TFT colour display • Anti-tilting • Adjustable high windshield

# I-CONNECT TECHNOLOGY

Comfort and connectivity will be an integral part of your riding experience.

## **Integrated navigation.**

With the GPS display of the colour TFT screen, find all the information you need for your journey without taking your eyes off the road. Also get the benefit of rapid access to text messages and calls by connecting your smartphone to your Peugeot Metropolis and stay in touch!

## **Compact handlebars\* and head-up riding.**

Adopt a relaxed and comfortable riding position when exploring the urban jungle by manoeuvring more easily with the compact handlebars and thanks to the head-up dashboard which allows you to read information relating to the ride more safely and with a better view of the road.
