PULSION 125cc
RECONNECT WITH THE CITY

MADE IN FRANCE

PULSION, THE POWERFUL MADE-IN-FRANCE SCOOTER

Designed as a high-tech model with a asserted modern design, Pulsion is one of the flagship products of the Peugeot Motorcycles range. Made in the French Peugeot Motorcycles factory, Pulsion embodies French know-how.

The Pulsion range is entirely designed and manufactured in France and comes with state-of-the-art technology directly inspired by the automobile world, including hands-free ignition and automatic warning lights. Pulsion offers connectivity at your fingertips, a colour TFT dashboard and head-up riding position thanks to i-Connect*.

*Except in Active version

DESIGN

A modern alluring line, true the Peugeot style. Because style and elegance matter, the teams at Peugeot Motorcycles have pulled out all the stops to give Pulsion a sleek design.

COMFORT & CONVENIENCE

Pulsion was designed with the rider in mind and brings comfort and convenience to your fingertips: effortless, hands-free ignition thanks to a smart key; a spacious storage compartment that can accommodate both a full-face helmet and a jet helmet with visor; a USB port (Allure and GT models) or a 12V socket (Active) to charging your devices on the move.

SAFETY

The best of Peugeot's technology to get around town in optimal safety. Pulsion boasts top of the range specifications. ABS + CBS, automatic daytime and full LED running lights, full LED lights, automatic warning lights in the event of emergency braking, etc.) making it the safest two-wheeler on the market.

PERFORMANCE

Did you know? The Peugeot PowerMotion® euro 5 engine family is the most powerful in our range and in its class. Indeed, the 125cc Pulsion engine puts out an impressive 14.4 HP and a 12.4 Nm torque for a maximum power of 10.6kW at 8800rpm. Thanks to LFE* technology, it cuts down on noise emissions and fuel consumption, offering you exceptional riding pleasure and easier integration into traffic.

PULSION GT

The sportiness of Pulsion is pushed to the limit on the GT model. With its naked handlebars and charcoal grey bodywork enhanced by bright orange stickers, get ready to conquer the city in style!

I-CONNECT TECHNOLOGY

Comfort and connectivity will be an integral part of your riding experience.

On-board navigation.

The integrated connectivity on Pulsion* models ensures comfort and safety thanks to i-Connect technology and an intelligent dashboard. The colour TFT display connected to the Peugeot Motorcycles app brings you turn-by-turn navigation and easy access to useful information for your journey and SMS notifications, without ever taking your eyes off the road.

Compact handlebar* and head-up riding position.

Ride with ease and confidence as you explore the urban jungle, thanks to your scooter's compact handlebars and raised instrument panel that provides safer access to riding information and a better view of the road.
